

Trend Micro™ **AntiVirus** 2008 plus AntiSpyware

Powered by the PC-cillin Engine

Essential Protection for Your PC

Trend Micro AntiVirus plus AntiSpyware 2008 is the essential security you need to safeguard all your data and files. With automatic scans and updates, you can rest easy knowing you have systematic, ongoing protection against the latest malicious viruses, worms, Trojan horse programs, and spyware.

WHAT'S NEW

Proactive Intrusion Blocking

Improved security policies find and stop unwanted attempts to change your operating system and critical software.

Enhanced Software History Cleaner

Protect your privacy by getting rid of records listing Web sites and files recently opened.

Improved Web Browser Cookie Management

Get rid of Internet browser cookies deposited on your computer.

Customizable Security Warnings

Decide exactly how often you want to receive warnings about security threats.

Security Activity Report

Regular reports summarize how Trend Micro AntiVirus plus AntiSpyware has protected you.

Fully Compatible with Microsoft Windows Vista

Install Trend Micro AntiVirus plus AntiSpyware on computers running any version of the latest Microsoft operating system.

FEATURES

Protection Against Viruses

An award-winning anti-virus engine protects against computer viruses, worms, Trojan horse programs, and related security threats. Automatic updates immunize you against new computer virus outbreaks.

Computer Scans

Scan your entire computer or specific locations at your convenience according to an automatic schedule or on demand.

Real-time Protection

Trend Micro AntiVirus plus AntiSpyware can automatically check for threats in files received through instant messaging, files attached to incoming or outgoing email, and any file that you open, move or save.

Quarantined File Recovery

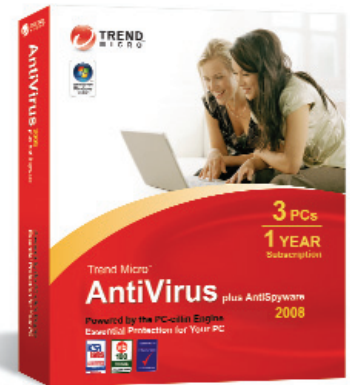

Rather than immediately deleting potential or uncleanable threats, Trend Micro AntiVirus plus AntiSpyware isolates them in a quarantine folder, allowing you to recover harmless files and programs.

Automatic Updates and Outbreak Alerts

Get ongoing protection against new virus outbreaks for the full duration of your subscription.

Product Support

Unlimited phone and email support (you pay only your own telecom costs), dedicated support portal in English.
